Subject: Deschutes TMDL Peer Reviewing

Hi everyone,

(b) (5)

Not knowing the exact outcome of that motion yet, but knowing that we will likely need to work towards a decision sooner rather than later, I am going to start working through the TSD document that Chris has written and use that as the basis for our decision memo. I plan to re-organize the document quite a bit (order by pollutant), and start chipping away at the comments you provided thus far that I can address on my own. (b) (5)

I hope to get this done soon, so you can have another chance to review and we can then work through some of the tougher issues together.

Instead of working from Chris's version on One Drive, I've downloaded my own copy and will share that out when it's done.

Thanks so much for your help on this!
